About

Alexandra is counsel in our Corporate Department. She advises on Cayman Islands corporate transactions including series equity finance, asset and structured finance, debt and equity capital markets, restructuring and corporate governance, cross-border mergers and acquisitions, joint ventures, stock market listings and shareholder agreements.

She also advises clients on a range of finance matters, including general secured lending, asset finance (commercial shipping and aviation, superyachts and private aircraft), structured finance (including CLOs), subscription finance, acting for cross-border banks in large debt financing deals, in addition to regulatory matters, including trade and business licensing, bank and trust company licensing and the regulatory and compliance implications of various types of transactions and licenses. Of particular interest to Alexandra are the corporate transactions and financings related to Latin American privately owned businesses and start-ups, and she has assisted in the series financings, listings and general corporate matters for several Brazilian unicorn entities across several industry sectors.

Highly responsive, pragmatic and energetic, Alexandra has more than ten years of experience in providing complete and efficient solutions to her clients.
